**17. Does the Institution have Management Information System ?**

Yes

If yes, give a brief description and a list of modules currently operational (maximum 500 words)

If yes, give a brief description and a list of modules currently operational. (Maximum 500 words) CAMPUS AUTOMATION AMCEC • Fully automated using DHI Software automation system which facilitates the processes followed by the college in its entirety and enables them to be streamlined. • DHI uses the most reliable way of uniquely identifying students through website. • DHI software is very useful in AMC for daily attendance, we can keep a systematic record of students details, mark sheet, attendance and defaulters list. The DHI enables the easy way of maintaining class attendance with fewer efforts. The system also generates a brief report of attendance from the database according to subjectwise or datewise as required. A defaulter list can be generated through system. Staff and HOD has the option to take a print of the reports and defaulter list thus generated. • The Alumni Association of AMCEC is an association of graduates of

former students. Through this alumni association, the college is linked with its entire alumni community. Alumni events keep alumni connected to the college and each other. CONTINUOUS IMPROVEMENT OF THE EXAMINATION SYSTEM FOR THE STUDENTS To measure the effectiveness of the understanding of the curriculum, the institute is conducting periodic internal tests. A centralized examination body conducts this unit test thrice in a span of one semester. The duration of one such internal test is about 1 hour 15 minutes each. The faculty handling these subjects prepares 2 sets of question papers for each subject and hands over the same to the exam cell. The examination cell will pick one question paper at random and is given on the day of internal test. Invigilation, scheme of valuation etc., is strictly as per the norms established by the VTU. Each question in the question paper is mapped to a course and program objective as per the guide lines of Blooms Taxonomy. A student centric learning platform called "Quicklrn" has been provided by the AMCEC. This learning software helps the students to firm up the lessons learnt in the class rooms. The platform uses a digitized teaching and learning process, allowing technology utilization in the learning activities. These learning activities help to measure effectiveness of learning for individual student, and identify advanced and slow learners. The teachers can plan tutorial and remedial for individual students, based on these student learning insights. Students contribute to the efficient functioning of IQAC The Students are providing feedback on the teaching learning process regularly. The students organize various departmental festivals that inculcate in them the College quality policy Building a harmonious work culture and motivating everybody to contribute the best.

## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500

AMC Engineering College (AMCEC) affiliated to Visvesvaraya Technological University (VTU), Belagavi Karnataka is a non-autonomous college. All the academic programs of AMCEC follows the curriculum which are designed and developed by VTU. The curriculum prepared by the university is done in consultation with the academicians and technical experts selected from industry, keeping in view the requirements of both the industry and society.

Although the technical contents are developed by the University, course outcomes (CO) of the academic programs are correlated to the vision, mission of our institution and Program Educational Objectives (PEO). To fulfil the demands of the competitive market for employability both at national and international level, each CO of our programs are mapped to the program outcomes (PO) defined by the National Board of Accreditation (NBA) at appropriate levels of blooms taxonomy related to Knowledge & Understanding, Application & Analysis and Evaluation & Creativity / Critical thinking. CO is also mapped to the program specific outcome (PSO) designed and developed in consultation with stake holders of AMCEC which includes experts from both academic and industry. Based on the best suited teaching-learning style identified for each CO, every topic of the syllabus is restructured for session wise delivery, called as lesson plan. Calendar of events planned for every academic year both at college level and department level. Detailed timetable for both theory, laboratory helps to deliver the session wise lesson plan systematically. Effectiveness of student learning or cognitive level is indicated by assessment system. Each COs are assessed based on direct assessment and indirect assessments. Direct assessment includes continuous internal assessment (CIE) conducted by the department and semester end examination (SEE) conducted by the University Theory and practical courses. Indirect assessment includes course exit survey of theory and practical's seminars, workshops, industrial visits, internships, projects which gives ample exposure to real time professional environment. All the activities are defined with COs and are mapped to PO/PSO.. Direct assessment includes 30% CIA, 10% assignment and 60% SEE. Based on the outcome of assessment, remedial measures are devised to increase the level of attainment of learning or to find out the strengths and shortfalls of the learning taken place. Necessary changes are made in Teaching-Learning Process to fill the gap in regard to each course and each student of the course.

#### 1.1.2 – Certificate/ Diploma Courses introduced during the academic year

## 1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

Feedback Obtained
<p>The Institution obtains Feedback from the students at the end of each semester. The students are encouraged to give Feedback on Curriculum, facilities, Teaching-Learning etc. This effective Feedback and their views are put forward on behalf of the college committee. Later, the inputs are taken from the Industry in order to help the students requirements in employability. When the University invites representatives from the college during the reformation of the curriculum and syllabus, these views are shared in front of the University curriculum committee, which would help to bring changes in the Syllabus. This feedback is also shared between the faculty concerned in curriculum delivery. Based on the facultys experience, a proposed set of actions are prepared for the future course revision. The feedback is also obtained from the faculties, Employers, Alumni and parents regarding the quality of the program and other facilities. The obtained feedback and the action taken report is documented and the same will be shared among the concerned Stakeholders.</p>

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BE	Computer Science Engineering	240	47	195
BE	Information Science Engineering	120	20	78
BE	Electronics	180	13	119

## 2.2 – Catering to Student Diversity

### 2.2.1 – Student - Full time teacher ratio (current year data)

Year	Number of students enrolled in the institution (UG)	Number of students enrolled in the institution (PG)	Number of fulltime teachers available in the institution teaching only UG courses	Number of fulltime teachers available in the institution teaching only PG courses	Number of teachers teaching both UG and PG courses
2018	2244	126	201	66	10

## 2.3 – Teaching - Learning Process

### 2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Number of smart classrooms	E-resources and techniques used
277	277	1243	46	3	28

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Students Mentoring System Student mentoring system is available in the institution. At the beginning of every academic year, approved faculty members are assigned as mentors to a group of students/mentees. Mentors conduct periodic mentor-mentee meetings to monitor the progress of their respective mentees in academic, co-curricular and extracurricular activities. Mentor-mentee meetings are conducted at the beginning of every semester, after the IA tests and before the university exams. This helps to address and resolve any study related issues, students might be facing. These meetings also help to identify and nurture students' interest in co-curricular and extracurricular activities. Periodic PTMs are also conducted to keep the parents updated with their wards' progress. To address the non academic and personal issues students are counseled from time to time.

Objectives: • Enabling overall development of the mentee • Helping mentees to resolve their problems( academic and nonacademic) • Counseling students on areas apart from academics • Fostering good mentor -mentee relations. Context of the practice: • In today's competitive and stressful environment, mentoring system enables the students to achieve their full potential and adjust to the stress and vigour of a professional education. • It also helps the students in settling down within the new system with ease. • The indirect effect of this system leads to a healthier mentor -mentee relationship and a better learning environment on the campus. • In present

time, the pandemic had affected lives of students in multiple ways, leading to stress, uncertainty and confusion. Counselling helps students to share their feelings and helps towards their overall wellbeing. Mentors are provided with appropriate guidelines for effective implementation of the students mentoring system. Effective mentoring system helps students to do well in academics and enables their holistic growth.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
2370	277	1:9

## 2.4 – Teacher Profile and Quality

### 2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
269	271	3	6	18

### 2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year )

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies
2018	Mr. Ananthanagu, National level	Assistant Professor	Green Thinler Z Bright Educator Award
2018	Dr.N.V.Uma Reddy	Professor	Coordination of AICTE-ISTE aproved Induction Programme for faculties of Technical Institutions by AICTE-ISTE
2018	Madhumohan R	Assistant Professor	Young Researcher Award by AIIMS
2018	Dr Shashishankar A	Professor	Excellence in Technical Education Research Consultancy by Hon'ble Justice Mr Santosh Hedge
2018	Dr.Roopa	Associate Professor	Young women in Science by Venus International Foundation

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Internal Examinations Guidelines are provided to the students regarding rules regulations with respect to internal examinations before the start of the internal examinations. IA tests are planned in advance for theory as well as for practical and is mentioned in calendar of events provided to the students. IA examinations are conducted by the department who carry out examination work for both internal and University exams. If a student has any grievances, he/she can approach the examination committee seeking for redressal and the same is addressed by the committee. Principal Hods with coordinators discuss about the grievance and action will be initiated. The grievance is addressed within 2 to 3 days. Attendance Performance of the student is monitored regularly. Theory IA tests question paper is prepared as per the prescribed format in two sets based on the course outcomes. Program Assessment Committee (PAC) scrutinize the question paper and one question paper is selected for the conduction of IA test. All the modules mentioned in the syllabus are covered uniformly in three IA tests. Scheme is prepared for question paper which has appeared for the test and is discussed in brief with students after each test. Answer booklets are evaluated based on the scheme. Practical exams are conducted in line with university exams, marks distribution is based on write-up, conduction and viva. IA marks are updated in Institution Learning Management System. Marks are also updated in log books. Slow learners are Identified, and special tutorial classes are conducted for them.

#### 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

1. University publish Academic Calendar for respective academic year in the beginning of academic year comprising of semester start date, end date, start and end of practical and theory examination and list of holidays. 2. Institute prepares its own calendar of events in line with the University calendar of events under the leadership of Principal, participation of all department HODs and various coordinators one month before the commencement of semester. 3. Institute calendar of events comprises of Three IA test dates, Internship dates, Seminar, Project, viva voce dates, inter collegiate and Intra collegiate fest, Alumni meet, Parent-Teacher meetings, Graduation day, First year Inauguration day, Women's day, Teacher's day etc. 4. It is communicated to all the departments. 5. Department prepares its own Calendar of Events adding dates for departmental events such as Seminars, Proctor Meeting, Industrial Visits, IA tests, Project Reviews, Conferences, Workshops, and Department Meetings etc. to proceed in the right direction 6. It is communicated to all the stakeholders through college website, department Blog and Mobile App. 7. Calendar of Events is strictly followed during the semester. 8. All the Saturdays are utilized for Co-Curricular events to cover Contents beyond Syllabus. 9. There is an academic

monitoring committee appointed by the Principal/HOD who monitors the day-to-day conduct of the lectures based on the time table. 10. Academic calendar is uploaded in college Website. In case of any unforeseen holidays, bandh's the change of examination date is finalized and the students are intimated regarding the same.

## 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

AMCEC has 63 Class rooms in the campus,29 classrooms and 6 seminar halls have ICT facilities. Class rooms are allotted as per submission of requirement and are used as per allotted Time table. Faculties use teaching aids like
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Projectors, Laptops for teaching. Class rooms are taken care properly by Maintenance team. Institution is facilitated with 54 UG Programme and 8 PG Programme Laboratories. All the Laboratories in the campus are well equipped with latest equipment's and materials, for curriculum aspects to students as well as to motivate them to do research activities. Purchase Committee decides regarding the purchase of Lab requirements, accordingly Equipment's are procured in structured manner. Stock register is maintained and has systematic entries of procured equipment's and consumables. First Aid facility and Fire extinguishers are provided in each Laboratory. Do's and Dont's for students are displayed. Institution has sufficient ICT facilities with current trending configuration. IT admin is available in the college for Procurement of Computer, accessories, hardware and software requirements recommended by Department Heads. Antivirus, Updating Hardware and software are done regularly. Institution has one Main Library for UG and one Main Library for PG and one reference section, managed by Qualified Librarians, and supporting Library staff. Books are procured through recommendations made by faculties, students and research scholar's requirement, are considered. Institution has organized circulation policy implemented effectively. Online e resources are subscribed to all the Programmes through the VTU E-Resources Consortium. These resources are IP based and can be accessed anywhere in the campus only available through the website. It is approved by committee/principal based on budget following terms/conditions. Stock verification is done every year by members appointed by Principal (Faculty from each department, Library staff). Silence/calm atmosphere is maintained in library. Mobile phones/Food/drinks are not allowed in library. Bags/personnel books are not allowed. Library is not responsible for personnel loss. Books are returned/renewed physically in time. Materials can be taken out after proper issue. Institution has Sports and GYM facilities in the campus to strengthen Sports/games/cultural activities. AMC cricket ground is used for NCC/Sports events. Physical Education Trainer is available to train the students for all the sports activities. Advisory committee suggests/advice on sports matter. Sport Facilities are provided by staff under guidance and is maintained well, under guidance of Physical Education Trainer. Two DG sets (125KVA and 82.5KVA) are available in the campus in case of power failure, maintained by Electrician and team. Sewage Treatment Plant (STP) is installed in the campus near the Boys Hostel, to recycle the used water. The recycled water is used for Landscaping purpose. Maintained by Facility manager and team. Institution provides Transportation facilities for Faculty Students to various main locations of the City. The Transportation is maintained by a Transport Officer and team inside the Campus. Institution has a well maintained 9 buses for Faculty Students, 4 cars are available for authorities to commute with ease. Buses are made available for Local industrial visits and extensive survey camps recommended by Heads/Principal/Management.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Students constitute a major stakeholder in the institute growth. The institute maintains an excellent affinity with the student community. The opinions and perspectives of the students are paid attention to by the institutional

authorities. Some of the bodies/committees that have student representation with student activity are as follows. Course Coordinator Committee In every program, for every subject there is a course coordinator committee represented by students from each class. This committee has also faculty representation.

The inputs from the students are taken into consideration. This committee conducts meeting 4-5 times in a semester and it discusses and passes resolutions on the following: ? Framing the course outcomes and setting target levels ? Analysis of assessment test results ? Syllabus for cycle tests Anti-sexual Harassment Committee / Anti-ragging Committee The committee members are appointed from each department and students are also the part of this committee. The student member interacts with other students and visits the hostel, canteen and other places along with the faculty to provide awareness regarding ragging free atmosphere and gender sensitization. Sports / Cultural Committee The sports events are coordinated and organized by the student member of the sports committee. College teams are formed to take part in VTU competitions and other intercollegiate competitions. Students are participating in KSCA Cricket league every year. During cultural fests like Colosseum and Mélange, students form committees of their own for various purposes and conduct periodic reviews before the commencement of the festival. They collect the funds through advertisements and manage the same. Tasks like crowd controlling, discipline, safety and security during the conduct of the events are efficiently handled by the students. Alumni Association Alumni association promotes and fosters the relationship between the Alumni, present students, the Staff and Management with an objective of exchanging ideas which benefits mutually in achieving excellence and professional competence. The member of this committee are the passed out students. Alumni shares their technical knowledge and experience with the present students. E-Cell Committee The E-cell-IGNITE was established in the year 2016 and this works in collaboration with National Entrepreneurial Network. This committee is managed by the students with the support of the faculty members. Every week, the student coordinators conduct one-hour session on Entrepreneurship to train the students to become a successful Entrepreneur. NSS Committee The NSS student volunteers from different departments actively participate in organizing the events like Republic Day, blood donation camp, Ayurvedic Workshop, etc. The NSS volunteers work in rural areas to the serving the cause of society through survey, education and health awareness programme. Recently, student volunteers from each department have gone to Madalu village-Arsikere for 6 days NSS program. Students formed various teams for cleaning, teaching, cooking, election campaigning, Maintenance, and cultural. ## 5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Institute has a strong alumni association which is registered in the name of "The Alumni Association of AMCEC", Bengaluru on 3rd November 2014 with Registration Number: JNR-S272-2014-15. The Association has opened an Account in the "State Bank of India", AMC Campus branch to operate the funds for various Alumni activities. The Association functions and operates as mentioned in the Bye-laws such as conducting technical programmes, arranging lectures by eminent persons, newsletter, cultural, literary and sports activities. Every year second week of December, the alumni meet will be organised. The alumni from different branches of the under graduate and post graduate programs share their views and give suggestions for the betterment of their junior students in the

Annual meet. The alumni meet is hosted by the management generously and the alumni are honoured with mementos. So far 7 alumni meet have been conducted at the institute level. Departmental Alumni meet also conducted twice in a year. Alumni contributes financially by registering. They also have immensely contributed in terms of non-financial means like placements of their juniors in their company, acting as resource persons for guest lecturers to give an insight to the industry requirement, current technology requirements and trends, industry connect and guidance for postgraduate studies in India and abroad. The alumni Meet helps in building a network of the alumni and helps in being in touch with the corporate world. They share their experiences, knowledge and advice the students. Through these alumni meets, a strong bond is created between the passed- out students and the current batch. The association helps in holding interactive sessions to motivate current students about the employability and educational opportunities/ work culture/living standards and condition abroad. The alumni sponsor scholarship every year to meritorious students of all branches who are economically weak. This is given away to the respected students in the alumni-meet. There are many examples wherein alumni render their services during weekends/free time/vacation. One such example is Mr. Utkarsh who works at Sysfore Technologies Pvt Ltd, comes to institute every weekend to train a batch of 20 students of final/pre-final year CSE on Mobile App Development Tools. The Alumni provide feedback on competencies gained during their course and provide valuable information to improve curriculum on a continual basis. Alumni are part of IQAC, Departmental Advisory Board etc. Alumni provide a formal feedback once in a year in the alumni meet about the overall improvement of the institution/placements/results through Alumni Survey and their feedback has helped the effective implementation of the OBE process. The Alumni Association creates and maintains a life-long connection between the Institute and its alumni. It was registered with 14 members but now number has grown up to more than 3,500 alumni. The Alumni Association works to connect alumni, support students and build an unforgettable Institute experience through a diversity of events, programmes and services.

College / University Sports/ College Functions like Induction Day, Women's Day, Engineers' Day, Teachers' Day, National Science Day, Sports day, College day, Cultural activities like Colosseum, Mélange, and Graduation Day etc. The schedule approved by the Principal will be sent to Chairman for approval. After receiving the approval, permission will be granted for the committees concerned for the preparation of Academic Calendar. Further, student club activities are designed as and when the academic calendar provides the available time. Smart class rooms, Seminar Halls, Placement room are the venues for the above mentioned activities.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The Institution follows a well-established system for efficient curriculum delivery. On the basis of the Affiliating University's Academic calendar of Events, a Committee prepares the college level academic calendar and thereafter a departmental level Calendar of Events and Time-Table is prepared. The Departmental level time-table is prepared teacher wise, class wise and subject-wise. Academic calendar is prepared to fulfill the objectives of the curriculum delivery. Each department undertakes Competency mapping of its teachers. Regular and timely feedback is obtained from students regarding faculties, course outcomes and content delivery.
Teaching and Learning	To enhance the Teaching Learning process, Interactive lecture methods have been adopted using latest teaching aids like Computers, LCD slide projectors, charts, models, maps etc. The highly interactive lectures are supplemented with extempore group discussions, tutorials, assignments, field projects, seminars, and student paper presentations. All the Department have adopted experiential learning methods like laboratory work, building models, industrial visits, fests etc. with great success. Most of the departments are equipped with state-of-the-art infrastructure.

<p>Examination and Evaluation</p>	<p>The IQAC monitors and periodically evaluates the activities of the Examination Cell to ensure continuous and comprehensive evaluation of students and for the timely conduction of examinations. All instructions pertaining to examination is sent to all students and parents regularly. For continuous internal evaluation, the parameters considered are student's unit test performances, projects, internships, and assignments along with co-curricular achievements.</p>
<p>Research and Development</p>	<p>To foster an RD climate, Faculties have published many UGC Recognized research papers and Books. Plagiarism software has been purchased by the institution. Teachers and students have presented papers in various national and international conferences. Faculties have been recognized and awarded for their talent in teaching. Innovations and the Incubation Centre have been given utmost importance. Students are encouraged and supported to go for Start-Ups. Interdisciplinary research is encouraged among faculty and students with Industry. A separate department has been instituted to encourage interdisciplinary research. Institution has also established MOUs with Industries.</p>
<p>Library, ICT and Physical Infrastructure / Instrumentation</p>	<p>During the year 2018-19, Academic facilities, sports facilities and ICT enabled classrooms have been enhanced. For the last five years from 2013-18 Library automation has been updated by equipping it with e-sofwares such as e-journals which has greatly enabled research. Additional books are purchased every year. Regularly, journals and newspapers are subscribed. Newspapers in both English and in a regional language are subscribed for the benefit of both faculties and students. Engineering and Post graduate libraries are equipped with computers to facilitate browsing in the library.</p>
<p>Human Resource Management</p>	<p>The College has established well defined administrative and academic departments. Service files and records of the staff members are being maintained. Various committees like grievance redressal committee, staff welfare committees, sexual harassment elimination committee have been set up for the welfare of employees. An on</p>

	<p>campus doctor is available to provide any medical aid to faculties and students. Through group insurance policies faculties and students are insured. Faculties are motivated to participate in FDP, seminars, conferences, workshops, refresher orientation courses etc. Basic Computer training programs are conducted for Non-teaching staff.</p>
Industry Interaction / Collaboration	<p>Governing Council and the IQAC have Industry experts as members who regularly provide their valuable inputs and suggestions which are often implemented. Placement cell provides pre-placement training to bridge the gap between students' skills and industry needs. Companies like Allegion, Capgemini, Concentrix, Infosys BPM, Vantage Agora, TCS and Wipro Technologies have done campus placements and many of the students have been participated. Students also get placed through Off-campus drives like 'pool campus drives' in the final semesters itself. Industry experts are regularly invited to share their knowledge and interact with students.</p>
Admission of Students	<p>For UG admissions College follows the admissions guideline as prescribed by the affiliating University by following the merit list reservation policies. For PG students, admission takes place based on the criteria of entrance examinations/counseling conducted by KEA or by Government/Affiliating University. Also for PG Admissions, College follows the admission norms prescribed by the State Government in admitting 50 percent of the students through Government quota. Remaining 50 percent of the seats are filled by the management by exercising its privilege to fill the seat.</p>

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Student Admission and Support	<p>1. Admission details are made available with the ERP software called DHI. 2. Online feedback system is available in ERP software. 3. Integration of mail access in CAMPUS portal. 4. SMS dissemination module integration. 5. Student attendance and progress reports made available with ERP system. 6. Digitized library system with separate account for every</p>

	student.
Examination	1. Creating question papers on DHI software. 2. Selecting question types. 3. Conducting quiz and assignments through DHI. 4. CIE marks can be viewed by the students in ERP software. 5. Exams are conducted according the university Rules and Regulations.
Planning and Development	E-governance planning and development in a form of educational technology facilitates learning via online courses and contents. Unlike traditional forms of classroom education, e-learning is always available, highly adaptable to each student's level of current knowledge through the ERP software called DHI. There is a digitized library to access the materials online through separate account for students and the staff.
Administration	Administration of faculties and students are implemented through the ERP software called DHI. Which has SMS based information dissemination
Finance and Accounts	Online fees collection module with receipt generation system is implemented through college website. Accounts department is using Tally software for finance management.

#### 7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

<ul style="list-style-type: none"> <li>• AMC Engineering College using battery powered vehicle, vehicle have 3.3 KW motor and 48 V battery.</li> </ul>
<ul style="list-style-type: none"> <li>• AMC Engineering College, one of the best engineering colleges in Karnataka, has always taken a green agenda - splendid lawns and lush green environment conducive for teaching-learning process.</li> </ul>
<ul style="list-style-type: none"> <li>• The institute encourages the staff and students to use the college transport instead of their own vehicles for safety, security, fuel conservation and to reduce environmental pollution. To harness green and clean renewable energy sources for Environmental benefits and energy security, the Institute has set up a 1.5KW solar power plant in the campus. The solar panels are installed in Mechanical Block.</li> </ul>
<ul style="list-style-type: none"> <li>• Vehicle parking space is provided at the main entrance of the college campus. As the campus is vehicle free with some exceptions, students and staff experience comfort walking through the pedestrian friendly pathways. The internal roads are lined with trees and lights and they are properly maintained by the campus maintenance committee.</li> </ul>
<ul style="list-style-type: none"> <li>• In the AMC campus there is complete ban on single-use plastics in class room, labs canteens in the institution's premises and hostels.</li> </ul>
<ul style="list-style-type: none"> <li>• Landscaping with Trees and Plants Landscaping of the college is worth seeing and reflects aesthetic sense. The institute has a canopy of trees and plants to make the environment pollution free to safeguard the health of all the inmates. The lawns and the trees provide shade and beautiful ambience. Utmost care is taken to develop and maintain green landscaping by trained gardeners and supervisor. The construction, maintenance and beautification committee constituted in the college looks after the development and maintenance of the greenery in the campus. Our institution had environment where the entire campus is filled with all plants and trees, which provide natural and pure oxygen which in turn helps good health of students and faculty.</li> </ul>

#### 7.2 – Best Practices

##### 7.2.1 – Describe at least two institutional best practices

<p>Best Practice 1 1. Promotion of Green Campus • Objectives of the Practice A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. sustainable solutions to environmental, social and economic needs of the mankind. Its main objectives are: i) Increasing the efficiency of energy generation (generators), transmission and consumption on the Campus ii) Prevention of unconscious consumption and waste iii) The sustainability of energy costs iv) Providing the preservation of natural resources with the aid of the land use and rainwater management plan v) Preventing environmental pollution with the waste management plan and raising awareness among students and staff about the issues concerning energy and the environment • The Context Some of the challenging issues were i) The great expenses connected with implementing energy saving and waste reducing measures. ii) Lack of environmental awareness which means that people do not know how to act sustainable iii) Lack of stringent regulations/laws in following the practice iv) Management of clean and affordable energy v) Limited data on energy and water consumption vi) Absence of performance indicators • The Practice ? Rain water harvesting: The campus has an area of 12.7 acres with a good landscaping. The bore wells located inside the campus get replenished during the rainy season due to surface run-off. A large water sump has been constructed to collect rain water. Harvested rainwater is used to cater the purpose of sanitation and irrigation of the garden through sprinkle irrigation. Gardens are watered using drip/sprinkler irrigation system to save water. The institute ensures that the water wastage is minimized at an optimal level and the leaky taps and pipes are under regular check and hence no loss of water is observed, neither by any leakages nor by overflow from overhead tanks ? Green Practices: Student, staff using a) Bicycles b) Public transport c) Pedestrian friendly roads d) Plastic-free campus e) Paperless office f) Green landscaping with trees and plants ? Plantations: The college maintains beautiful garden of decorative plants and a vast lawn for the cricket ground. New plantations of trees are done regularly through NSS and various departments ? Use of Renewable Energy: All hostels are provided solar water heater, installation of solar powered lighting in the campus is also being planned.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Inculcation/Infusion of Research Culture and Experiential learning among Faculty and Students Product Design Studio Product design Studio aim to be a force to reckon with on the global platform and showcase work that acts as a true catalyst in the success of future clients and the concept follow a simple process of 3 steps- Analyze, Create, Develop. During Analysis we get a good understanding of our end users, target market and competitors. Which helps us in understanding what to achieve at the end before beginning. Based on that analysis we start to ideate and brainstorm small ideas which eventually are converted to complete concepts. In the development phase we take the concepts and bring them to life in the world of 3D INCUBATION CELL- INCUBE Incube is a multifaceted club which concentrates on over all development of student nurturing them in every single aspect of their career.
