#### 2.3.2 Teachers use ICT enabled tools for effective teaching-learning process.

Information & Communications Technology (ICT) enabled teaching methodologies and advanced technology are being followed by the faculty members in class rooms. The use of multimedia teaching aids like, LCD projectors, classrooms with internet enabled computer/laptops/tablet systems are usually in use in classroom. The electronic resource packages like DELNET, NPTEL, SPOKEN TUTORIAL and Digital Library are available. The faculty members effectively utilize Audio Visual aids to demonstrate the concepts to the students using the resources from National Programme on Technology Enhanced Learning (NPTEL) to enhance the learning experience.

## Knimbus e-Library Portal

AMCEC Library is using Knimbus eLibrary portal, which provides their users all the knowledge available through the library on any device from anywhere. Knimbus platform is a complete Digital library that provides all library services through a single platform rather than just being a list of links to separate publisher platforms. The embedded remote access feature of Knimbus makes all resource links in the eLibrary including A-Z eCatalog, Browse, Search and Remote Access pages work seamlessly whether the user is on campus or somewhere else and require zero setup by the users. Knimbus has helped to support our users, meet their needs and ensure that our library e-resources are utilized regularly for their research and learning.

The Mobile eLibrary App **mLibrary** offers a multi-format, content delivery App for users to consume eBook collections, eCourse materials, latest journal issues and multimedia learning content. Patrons can access the entire library on their smart phone from anywhere, at anytime. Mobile App is available for both Android and iOS. A smartphone with internet connectivity is required to use the Mobile App

Knimbus eLibrary is a cloud-based solution. Users require a good internet connectivity. Knimbus eLibrary Platform is built using leading edge frameworks like parallel processing and open source tools to ensure tremendous performance, responsiveness, scalability and user friendliness.

### e-Library Remote Access any device from anywhere:

Details are already mailed to all users and please check Knimbus.com link in SPAM & JUNK Files in your mail and press the link
